THE FIRE ENGINE

We all like to watch the fire engine go by. It's an exciting sight, with the siren screaming and the firemen hanging on for dear life and the dogs and the children tearing down the street after it.

But the sight at the end of its run may not be so stimulating. It may be a grass fire, easily put out with extinguishers. It may be some deserted shack which should have been torn down long ago. It may be minor damage to a building.

But, on the other hand, it may be a fire that puts the biggest employing concern in town out of business for months—or a fire that destroys a house that contains the savings and labor of years—or a fire that burns somebody to death.

Whatever kind of fire it is, great or small, costly or unimportant, it makes its contribution to our disgraceful record of fire waste. Maybe the damage to a building only runs into a few hundred dollars—a sum so small as to be hardly worth talking about. That was the little fire you saw. But, day after day, month after month, year after year, thousands of such fires occur. And that—when we add in the occasional conflagration that does damage running past the million marks—is why American carelessness with fire costs us well over half a billion a year.

The signal bell sounds in the station house and the red engine answers another call. Maybe it's fun to see it shriek by—but it's the kind of fun we pay for in lives and dollars and total destruction.

Civil Service Commission Announces Examinations

The U. S. Civil Service Commission, Atlanta, Ga., announces an examination will be held for the position of librarian. These positions pay \$2,974 a year and are located in various federal agencies in the states of Georgia, Alabama, Florida, South Carolina and Tennessee.

To qualify for these positions, applicants must pass a written test of general ability and in addition, they must have a certain experience or education in library work.

Veterans who qualify in this examination will be given preference as provided in the Veterans Preference Act of 1944. Any local person who may be interested may contact Mr. K. Wright, local Civil Service Secretary, at the local post office.

ELKS GROUP
 Continued From Page One
 Class initiators "were one of the evening's features and judging by the favorable comment made by the Deputy and other visitors, the work must have been most commendable. The candidates on this occasion were Clyde Clayton and W. H. Thompson.

The Deputy was making his first presentation of the program set up by the Grand Exalted Ruler and the Elks Association of Florida for the present year certainly brought an impressive message, one that brought out high praise from the membership. Much praise was also given Arthur O'Hay for the clever and telling talk.

From where I sit... by Joe Marsh
 Got The Truth!

Called on my good friend "Cappy" Titter, who writes the County Bear, to ask him what he thought of my article. He said: "You've got both sides and faced them truthfully, you realize that the differences of opinion are a pre-condition of what we call Democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own leverage of moderation, whether beer or cider."

Sunday, with the Moore Haven church joining in the event. One of the gifts to the church was a piano presented by D. G. Alston in memory of his father. Rev. Milburn McLeod, of Leesburg, is to assist Rev. Bozeman in a series of revival services which began on last Sunday night. Moore Haven is the other congregation on the circuit which is served by Rev. Bozeman.

OTIS HAYES

(Continued From Page 1)
 rescue and get several of the farmers to try them out, and as a result those who made the try, were the only ones who saved their crops.

Carlisle is located in a rich agricultural sector of Pennsylvania, inhabited by Mennonites, who are conceded to be the most expert farmers, and each Wednesday and Saturday they make market days at the central square, and it is a wonderful sight to see the fine fruit, poultry, dairy goods, meats and other farm products that are offered the public.

Carlisle is also the seat of the former National Indian Training School, of which the famed athlete Jim Thorpe is a native son. The city is located about 30 miles west of Harrisburg, and not too far a distance from historical Gettysburg.

Carlisle is the farthest north

in Yankeeland to be reached by the Rebels, and the court house still shows a cannon ball imbedded in its wall, a grim souvenir of that war.

While a student at Western Reserve Medical College in Cleveland, the writer's son, now Capt. Joseph M. Gledhill, of Warren, O., was for two years a member of ROTC, and for two years was a trainee at the Carlisle Field, and there received his commission as a second

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

A CHECKING ACCOUNT
 intelligently used, makes you
A GOOD CREDIT RISK

A good credit reputation is one of life's greatest assets. You may not have had occasion to realize this yet, but inevitably you must. A checking account will help to establish you as a good risk wherever you want to buy something you are not quite ready to pay for. It encourages you to keep cash on reserve, to pay bills when due, to conduct your personal business in a business-like way. It helps to adjust your spending to your income—gives you a continuous record of your financial condition—assures you of being properly credited whenever you pay a bill. And of course it saves you the time and risk of carrying cash. The cost of a checking account is trifling at most—and with a moderate balance, its advantages can be yours "for free."

The wedding date for Miss Gene Stratton Rushing and Francis William Cross has been announced by her mother, Mrs. Thaddeus Remer Rushing of 84 S. S. O. Rd., to be on Thanksgiving day, November 25th, at the First Baptist Church here.

Invitations are not being issued, and all friends are invited to attend the ceremony.

BIRTH ANNOUNCEMENT

Mr. and Mrs. F. W. Reynolds announce the birth of a daughter on September 26th at the Bartow Hospital. Mrs. Reynolds is the former Hazel Altman of this city.

Lions Ladies Night at Clewiston Inn on Monday Night Oct. 18th

Announcement was made at the Wednesday session of the Lions club, that the ladies night of the joint Clewiston, Belle Glade, Pahokee and Lake Worth clubs would be held at the Clewiston Inn on Monday night, October 18th at 8 o'clock. District President Claude Hicks, of Lake Worth, and other officers will be in attendance. The program features the dinner, a floor show at the inn; and dancing and other entertainment at the Sugarland Auditorium.

Ralph Blank, of RDB, was to have been the speaker of the day, but owing to his activities in connection with storm affairs, he was permitted to cancel the date, in favor of a later visit.

The Lions will provide men to care for the football game ticket window, with entrances at the west and north side of the field, as in use last season. Emmett Roberts was called upon to name all the club members present, but he failed by six, and so deposited \$1.00 for the jackpot, which is a new innovation to swell club finances.

Belle Glade Students Leave For College

The record breaking number of forty-eight students from Belle Glade are attending colleges this year, with the final group leaving last week. All of these young people will receive complimentary copies of the Belle Glade Herald each week by simply mailing in their address or having their parents phone us.

Fourteen students are going to the University of Florida in Gainesville this year. They are Carlene Cone, Jewel Bass, Carroll McDonald, Ray Hardy, Barnes Creech, G. A. Smith, Richard Pike, D. C. Arnett, Benny Richmond, Bill Jefferies, Ray Kent, Larry Royal, and Herbert Priest.

Attending Florida State University in Tallahassee are James A. Ball, Helen Friedheim, Joyce Tedder, Betty Greenwood, Barbara Hendry, Jeanne Walker, Carolyn Freedlund, and Barbara Will.

Among those going to Stetson University in Deland are Bill McClatchey, James Waddell, Bob Mathews, and Charlotte Enlow, and Dolly Rutledge who is studying law.

Mary Eleanor Kidder and Robert Taylor are attending Southern College in Lakeland and Ralph Casseaux is also beginning his freshman year at Vanderbilt University in Nashville, Tenn.

Clarence Kidder and Herbert Priest, are both veterans, and are studying to be veterinarians. Kidder at Alabama Polytechnic Institute, and Priest at the University of Florida.

Mr. and Mrs. George Wedge

worth have entered their third year at Michigan State College in East Lansing.

Herbert Lloyd has gone to Lafayette, Indiana this year, and Phillip Clayton returned to Mass. Institute of Technology.

Mrs. Clarence Kidder, the former Betty King, will graduate in March from Alabama Polytechnic Institute as a medical technician.

Jack Murray is continuing his education at the University of Alabama, and Franklin Stallings has entered his freshman year at the University of Miami.

Katherine (Boots) Young has gone to Duke University, and Nancy Cross to Stevens College in Columbia, Mo., where she will major in dress designing.

Mary Elizabeth Hooker returned to Madison College at Harrisburg, Virginia, and Joyce Borchardt to Iowa State College in Ames, Iowa.

LASSITUDE CAUSES

Continued from page 1
circle of end, he ran down the line with the speed of a B-24 bomber, and made a six-point landing behind the Ram's goal, after making a pretty 83 yard run, which brought everyone to their feet. He also added the extra point. Not a player's hand touched the little speedster as he pulled off this Patton like feat.

In the fourth quarter, Alvin Leathers had a great opportunity for a catch of a pass, but it jumped out of his hands and King picked it out of the air, whirled, and ran 15 yards to the Ram's goal, and made the additional point was good.

Awakening to the fact that they were facing a 14 to 0 score, the Rams suddenly came to life, and playing as they did in the first half and as they are capable of doing, put across a touchdown and extra point. Surging back again they had pushed the Indians back to their own goal line but a fourth down pass was intercepted, and the game ended 14 to 7.

There was a saying after a defeat, "We ought to have won that game," that holds true for the Golden Rams in this case, and but for that miserable "sag" or "let down" in the third quarter the tale might have been a victory one. Our boys as they came in and out of the field just seemed to be "pettered out" for those Indians were working them like a battering ram with good effect. Tommy Williams was injured after he had made a fine ground gaining end run, but the Rams were penalized five yards for too much time out. Belle Glade gained one 15 yard penalty at a telling time when the Indians roughed the game a bit too much.

With two defeats against them, the Rams, this evening, will play their first home game, when the Bernardino team comes to Memorial field. This is a non-conference game, and as little is known about this northern Florida team, no definite predictions or comparisons can be made of the contending team.

On last Friday night, the Pahokee Blue Devils added a second walkaway game when they lambasted the Gehu school team from Miami, with a 38 to 0 defeat, the Dade county school being outlasted by the Devils. The Blue Devils will be at home to the Lake Worth Trojans at Lair Field this Friday night, and they will be facing a much stronger team than they have yet met this season, and this ought to tell something definite about the Devils real playing ability.

The Hurricanes of Miami University had an easy time of disposing of the Rollins College team at Burdine Field on Friday night, rolling up a 25 to 0 score.

Other scholastic game results were: Cocoa 34, Clewiston 9; Stuart 19, Okeechobee 0.

LEGAL NOTICES

NOTICE CONCERNING PARKING
TO ALL WHO DRIVE IN OR OUT OF THE CITY OF BELLE GLADE, FLA.: Starting October 15th, 1948 at 8:00 A. M. the City of Belle Glade will start to enforce all ordinances concerning parking and parking meters. A GOOD job of constructive forestry was done when the trees in this area were cut. Mature trees were cleared out, making room for natural reproduction of new growth from seeds dropped by the seed trees left standing. The tag on the tree in the foreground warns producers not to cut the tree. Some states require that at least four healthy seed trees per acre be left standing until the natural reproduction is at least 15 feet high.

FOR RENT—Neat clean room for single person. Inquire Pioneer Motor Sales Co., Belle Glade. 10-1-17

Girl Scouts Proud Of Decorated Hut

"That gigantic problem which confronted the Girl Scouts not so many months ago now seems rather minor following a recent inspection of their hut and the review of further plans. A check up at the end of last season showed that the roof leaked badly, screens were ragged, lightning system temperamental, dark dingy interior, worn out stove, no dishes, furniture scarce and shabby, and the bathroom needed painting.

The girls went to work with various means of making ideal which included selling packaged cookies. Mrs. John Tabiti and Miss Betty Thiebaud's troop brought in a new stove and a new refrigerator. Mrs. Charles Maynard's troops repaired chairs and bought a bathroom curtain. Mrs. Tom Pope and Mrs. E. Borchard's troop bought dishes and worked on kitchen shelves. Mrs. E. Borchard's troop bought locks for the doors; Mrs. Harold Rife's and Miss Fay Ledbetter's girls painted the bathroom and replanted shrubs around the building.

The Beta Sigma Phi sorority then adopted the girls as their project and offered to complete repairs and decorate the interior of the hut. The Elks and Lions clubs also offered to help. The husbands and fathers gave time and labor and today the hut is nearing completion, with a new roof and sealed and painted walls.

Gifts of drapes and odd pieces of furniture were gratefully accepted, and while there is a national ruling that Girl Scouts cannot ask for money and their methods are restricted, they can accept gifts. Any house furnishing or kitchen equipment which adds comfort and beauty to their hut. Friends interested in helping may contact Mrs. E. M. Van Landingham, president of the county or Mrs. Ed Lively, president of the Beta Sigma Phi.

Both Sides Will Get Hearing in Police Court

Filling a customary Monday night police court assignment, I saw new faces presiding in the positions of Magistrate and Clerk of Police, and noted several innovations in the way of procedure of hearings. There is one thing set up and that is that the Judge is going to both sides of any case, and that officers making arrests will have to present pretty clear evidence to sustain charges. On the other hand, each defendant will also be given opportunity to tell their story, and the future promises some quiet and amusing ones.

The docket on this session was very short, with two colored defendants faced the court, and a half a dozen others restated their bonds for the benefit of the city exchequer. Wesley Dupont, one of the millionaire family who has rambled around Belle Glade for 23 years, and frequently finds his way into police court when he gets too much aboard, admitted that he was a "pretty industrious farm worker, but when he got that tangle foot aboard, it was the end of the world for him. Wesley left a \$15 and cost deposit in the clerk's and wandered back to his job at South Bay.

Walter Roberts, a colored plumber, was arraigned by Building Inspector Willis, for failure to secure a plumber's permit. Roberts admitted his guilt, but presented a reasonable cause why he had not been able to get a permit. He was given five days in which to take out a permit.

Spitalnik's Store Burglarized

On Monday night, the front door of the Spitalnik's Clothing Store on West Avenue A, was crashed in by a burglar, who proceeded to ransack the stock and take about \$200 worth of clothing. Several hours later, Deputy Constable Raymond Cook and Chief Charles Goodlett, who were on duty, arrested Collins Plummer in custody and had recovered most of the stolen goods from Plummer's room in a Sherr apartment. Plummer was bound over to court by Judge Tedder and is now in the county jail at West Palm Beach. Several suspects have been picked up and interviewed in connection with the robbery, but no date for arrests has been set.

League Has Dinner Date October 12th

Luke Frazer, president of the Everglades Branch of the National Wholesale League of Fresh Fruit and Vegetable Distributors, announces that the October meeting of the organization would be held at the Glades Club at Pahokee on Tuesday night October 12th at 8 o'clock. This is the first meeting held during the cropping season, the last one being held last April.

Pahokee Bank Leaves Lions Building

The Lion's Club at Pahokee have leased its building to the Bank of Pahokee for use during the period of building the new home. The Lion's Club will hold their regular Tuesday lunch session at the Women's Club.

Former County Officer Dies

Attorney Ed H. Wilson, for years a prominent member of the Palm Beach County Bar and at one time county judge, died at his home on Sunday, at 92 years.

To Repair Packing House

Building repair business was held the past week, as only four repair permits were issued. One was for \$2,000 to Wm. A. Barber and Son, for extensive piping work under their packing house building. Other permits, Young and Wright, \$100.00 W. Weeks, \$400; H. C. Calhoun, \$300.

Ministerial Association Formation Postponed

The pastors of the Protestant churches of the Glades area were to have held a meeting at Pahokee on Monday, to which the ministers of the East Coast cities had been expected as guests. However, this invited delegation could not make the trip, so endeavor to form a Glades Ministerial Association was not attempted. Another meeting will be made at a meeting to be held in Belle Glade on November 15th.

Highways Proposed for New Pahokee Airfield

The county and state is preparing to expend around a half million dollars to build proper highways into the proposed Palm Beach County Airport at Bacom Point at Pahokee. Funds for the project are on hand and will be contracted work on the field will be asked in the near future. While primarily a field for agricultural uses, in time, it may also be made into a general flying field. Commissioner Paul Rardin has been one of the promoters of this project. It may also bring near the construction of a long contemplated highway on the south shore of the lake from Bacom Point to South Bay.

SECOND HURRICANE

Continued from page 1

form at shelters and in other capacities as needed.

The City police, under Chief Goodlett, swore in additional temporary policemen for duty.

Deputy Gibb Gross, Constable Whitlock and his Assistant Shorty Mock with State Road Patrolman Sheffield were prepared for 24 hour duty in the area.

The Naval Reserve Unit with a radio station at the Okeechobee Migratory Cattle Camp, manned its facilities and furnished the Committee and WSWN with half hour reports on wind velocities, and barometer reading at vital points. WSWN was set up for 24-hour duty until the storm "had went".

The train sent in by Red Cross workers for the benefit of those who wanted to go did not get many customers locally. There were more people that stayed in the Glades than during the storm even. This is an indication of general confidence in the dike and in the ability of recently constructed homes and buildings to withstand hurricanes.

Cattle Dipping Campaign Ended

For the past two or more years the State Live Stock Commission had been carrying on a "dipping" campaign to remove ticks from cattle in the Glades, Highland and Okeechobee counties. That work was ceased the past week and the cattle quarantine has been raised, so that stock can again be marketed from those regions.

The checking stations along many of the main highways, where autos had to stop for inspection, also were lifted of business at the same time, so that little duty will no longer be necessary for motorists to observe.

Ask for Validation of Bonds

The city commission of Pahokee has filed a petition asking that the courts validate an issue of \$160,000 hospital bonds, bearing 4 per cent interest, payable over a period of 20 years. Funds from the sale of these bonds will be used to purchase a site, build and equip a modern hospital on North Main Street in that city.

Pahokee Baker Dies on Wednesday

Andrew J. Culbertson, aged 77, who followed the bakery business in his active days, and who came from Plant City to Pahokee 12 years ago, died at his home on Wednesday. He was a member of the Primitive

Baptist Church at Okeechobee

The deceased is survived by his wife, Ada; three daughters, Olive Batchelor, Mrs. W. O. Stamps, Mrs. Rosa Currier; four sons, Andrew, William Robert and Wiley Culbertson, all of Pahokee. The Berry Funeral home has charge of the funeral arrangements, and the services will be held at 2:30 p.m. Friday at the First Baptist Church in Pahokee with the Elder Van Light of the Primitive Baptist Church of Okeechobee officiating. He will be assisted by Elder Justice of Atlanta, Ga. Interment will follow at the Port Mayaca Cemetery.

Aged Man Passes Away in Sleep

Thomas J. Johnson, 75 years of age, who made his home at Osceola Camp, was found dead in his bed on Wednesday morning, due to natural causes. He is survived by his son, "Happy" Johnson of Belle Glade, and two sisters. The Berry Funeral Home forwarded the body to Hazlehurst, Ga., for services and interment.

KALTENBORNE SETS A GOOD EXAMPLE

He added, "These days there's enough political gory in the air."

"That's been the trouble in Washington these past few years," said Kallenborne. They have talked a lot about flood control but there's no effective action taken. Let's have less talk and more action."

SPEAKER SYSTEM IS Continued from page 1

ley and Richmond were of the opinion that if a wiring system be installed it should be owned by the city, as there were other gatherings besides the commission which frequently used the auditorium, and it would be a great value and assistance at these times.

The city hall is not the only auditorium in the city which has poor sound reception and facilities, and one of these is the high school gymnasium auditorium, where so many school and civic club events are held. Many a good program has been marred on account of the lack of proper sound effect.

Most Important Motor Oil Development in 9 years!

Unique "X" Safety Factor, for first time Attacks Major Cause of Engine Wear!

Acid Action from "On and Off" Driving Now Counteracted—Engine Life Prolonged

It's not friction, as generally assumed, that causes the most engine wear.

It's Acid Action—chemical etching of engine parts that takes place in the low operating temperatures of today's "On and Off" driving!

In your short trips about town, to school, to the office, the bank—your engine is intermittently "On and Off" . . . runs for brief periods of time only. Hence it seldom warms-up to efficient operating temperatures. It runs "cold!" In these short "On" periods, combustion may be incomplete and partially burned fuel gases and moisture attack the smoothly polished metal surfaces chemically. It's this biting Acid Action that accounts for up to 90% of your engine's wear!

Shell Research worked all out on this problem . . . developed a unique "X" safety factor to combat Acid Action. Now 2 1/2 million miles of road testing have proved conclusively that with this "X" safety factor Acid Action is effectively counteracted—engine life is prolonged.

This triumph of Shell Research—another Shell "first"—comes to you only in Shell X-100 Motor Oil. This oil, long famous for its ability to protect your engine under the stresses of sustained high speeds and extreme driving conditions, now has this added protection for every mile you drive. It is unequalled by any other motor oil, no matter its price.

Let your Shell Dealer drain, flush and refill your crankcase with Shell X-100 Motor Oil today.

It's Incomparable!
